MOROCCO - MAGICAL TERRITORY

Morocco is a country that is made up of multiple and varied beautiful landscapes made up of beaches, mountains, desert and important imperial cities.

Morocco is an ancient country, heir to centuries of tradition. However, in the Kingdom there is nothing fixed. Their culture is alive and is embodied day after day by small daily gestures, festivals, rituals and customs. Stay there for a while and soak up its peace and its art of living.

The best thing is that you walk through the cities and towns, among the narrow streets of their old centers. This way you will be very close to people and you can make exchanges with them. Some Moroccan will surely invite you to share a green tea with mint: there everything is ceremonial and hospitality reigns.

You can also discover a whole series of customs. Morocco and its inhabitants evolve to the rhythm of the Mediterranean art of living recognized by UNESCO, a set of practices, dishes or symbols that are part of their daily lives and that you will love.
